

HE-35 Fact Sheet

- Large cylinder capacity (4.52 cubic feet), leading directly to more loads per day
- 200G extract force which means less drying time
- True heavy-duty construction - compare weights for yourself
- Silicon door gasket lasts the life of the machine
- Fast fill water valves decrease cycle times
- All components in contact with the wash solution are 304 (18/8) stainless steel
- 3 year warranty on most components, 5 years on the bearings, frame, cylinder and shell

HE-45 Fact Sheet

- Large cylinder capacity (6.6 cubic feet), leading directly to more loads per day
- 200G extract force which means less drying time
- True heavy-duty construction - compare weights for yourself
- Silicon door gasket lasts the life of the machine
- Fast fill 3/4 inch water valves decrease cycle times
- All components in contact with the wash solution are 304 (18/8) stainless steel
- 3 year warranty on most components, 5 years on the bearings, frame, cylinder and shell
